The VIPooch Treatment

Keep your canine confidante happy during the dog days of winter with an overnight stay in one of the many hotels barking at the chance to pamper your pet (with an advance reservation, of course). These accommodations have the best in animal offerings, with amenities like monogrammed dog biscuits and specialized room service. The emphasis is decidedly dog-centric, but all of these hotels happily accept cats, too. (Whether your cat will be accepting of the adventure is another story.) Pet prices vary from free to \$60 per stay; prices for extra pet packages vary. SALLY CHAMBERLAIN
